Good afternoon, EFF-leaders

I note this reply by the EFF's President.

A follow-up question is therefore in order:

Do EFF-leaders agree with this stance, and is this a formal and sanctioned reply from the party itself?

It is necessary in this instance to differentiate between the leader of the EFF and the party, seeing that:

- a) there is no evidence so far to suggest that the EFF-leaders (other than Floyd Shivambu) are aware of the VBS-crime or participated in the crime;
- b) Julius Malema and Floyd Shivambu brought the party into disrepute.

Kindly add this question to that already asked.

I copy the list of questions into this email again for your convenience.

Kindly reply by noon tomorrow, 18 May.

regards,
Pauli

I won't be answering any questions from this moloi; she can write anything she wants to write. I've responded to all her questions before and won't be doing it going forward. She extraordinarily personal and I'm not answerable to white madam. She can go to the nearest hell.

Good day Mbuyiseni,

Well done on the EFF's success at the polls.

In other news: I have a few questions for the EFF leaders relating to VBS Mutual Bank - specifically the Treasurer General, the President and the Deputy President.

Kindly return your answers by 12:00 on 18 May 2019.

kind regards,
Pauli
